Mitrais is a world-class software development company with offices in Indonesia, Vietnam, and Singapore. We offer exceptional value, competitively priced, near shore, near time software development. In business since 1991 we have written software or installed systems for over 500 clients. Our clients are referenceable with over 70% of engagements lasting more than 3 years, some much longer. Our proprietary competency system guarantees the quality of our staff. With deep domain expertise in healthcare, and having worked on many commercial software packages in various sectors of the healthcare industry, Mitrais is well positioned to develop your solution using a wide range of technologies, supported by testing, design, and user experience.
